Fuss-free

ABOUT US

Established in 2011 by three passionate shareholders, Roger Thomas, Grant Nell, and Bronwyn Bagley, NewLife Plastics manufactures a wide range of outdoor furniture and associated products from 100% recycled plastic packaging.

Based in Capricorn Park, Cape Town, NewLife employs staff from the area and trains them up in the field of recycling and fabrication, and together they work to produce and sell quality recycled products for the home and business.

'NewLife Plastics owes its continued existence to the public and institutions who proudly buy benches made from recycled plastic for their homes and gardens, foyers, common areas and courtyards.'

Outdoor Furniture

A wide range of outdoor furniture items available - benches, picnic sets, coffee tables, large dining tables, bar stools and chairs.

Outdoor Utility Items

Waste bins, gas bottle covers, aircon hides, pool pump hides, well-point pump hides, outdoor sink units, outdoor workbenches, planter box surrounds and geyser covers.

Outdoor Structures & Projects

Outdoor screens, jungle gyms, tree-huggers, sport stands, canteen seating, garden gates, garden bridges, decking, walkways, balustrades and custom offerings.
